**WARNING:**

Petitioner/applicant is cautioned to avoid submitting personal information in documents filed in a patent application that may contribute to identity theft. Personal information such as social security numbers, bank account numbers, or credit card numbers (other than a check or credit card authorization form PTO-2038 submitted for payment purposes) is never required by the USPTO to support a petition or an application. If this type of personal information is included in documents submitted to the USPTO, petitioners/applicants should consider redacting such personal information from the documents before submitting them to the USPTO. Petitioner/applicant is advised that the record of a patent application is available to the public after publication of the application (unless a non-publication request in compliance with 37 CFR 1.213(a) is made in the application) or issuance of a patent. Furthermore, the record from an abandoned application may also be available to the public if the application is referenced in a published application or an issued patent (see 37 CFR 1.14). Checks and credit card authorization forms PTO-2038 submitted for payment purposes are not retained in the application file and therefore are not publicly available.

**EXPLANATION OF DELAY FOR FILING RESPONSE**

The filing of a response to the Office Action dated 06/28/2005 was unintentionally delayed by the action of the United States Postal Service that returned the Office Action to the Patent Office as not being deliverable. The mailing address of the undersigned was changed from a Post Office Box to a street address after the filing of the subject application. The undersigned notified the PTO of this change for the customer number associated with the applicant, but did not realize that for this particular application the Post Office Box address was still the address of record. The Post Office has still delivered other correspondence from the PTO that was addressed to the Post Office Box, including the first office action in the application, and the notice of abandonment that was mailed after the second office action. Filed with this explanation is a change of address form for this application. The undersigned apologizes for the inconvenience that this oversight has caused for the PTO.

Respectfully submitted,
